

Call for Extended Abstract by Student Representative

October 5, 2015

The UNISON-Global Organising Committee kindly requests student representatives to submit an extended abstract for the student session (4th UNISON-Global meeting) which will take place during the 4th UNISEC-Global Meeting on October 21-23 in Istanbul, Turkey.

The extended abstract should be depicted in **the template form**, and be submitted to unison.global.op@gmail.com **by no later than April 4, 2016**.

The abstract includes the following topics, but not limited to:

- On-going space projects
- Especially, any achievement or development since the 3rd UNISEC-Global Meeting
- Future space projects
- Student's researches that deal with space engineering.
- UNISON formation and/or activities in your region (if any).

Submitted abstracts will be placed on the website and have online vote for selection, followed by the above Committee's review. The notification of acceptance will be announced on June 30, 2016. All submitted abstracts will be offered either for oral or poster presentation.

Together with the abstract, the separate "Brief Biography of Student Representative" should be submitted.

Any inquiry should go to the UNISON Secretariat at unison.global.op@gmail.com.
