

## Call for Proposal for Discussion Topics

February 14, 2014

The Local Organizing Committee for the 2<sup>nd</sup> UNISEC-Global Meeting plans to set up a session of the “Group Discussion” in the program which is now under consideration. The session will consist of several groups with different topics and the group discussion will be made concurrently.

In this connection, the Committee calls for a proposal of “**topics**” to be discussed at the session. In addition to a proposal of topics, the Committee needs a brief description (free form within A4 size) of your proposal and a prospective moderator for such topics. It will be likely that a topics proposer becomes a moderator, but not limited to this case.

The proposal will be sent as mail or mail attachment to the Secretariat at [secretariat@unisec-global.org](mailto:secretariat@unisec-global.org) by **June 27, Friday, 2014** and the notification of acceptance will be planned on **August 1, Friday 2014**.

For your reference, the following is the list of discussion topics during the 1<sup>st</sup> UNISEC-Global Meeting in November 20-22, 2013 Tokyo, Japan.
