

# International University Rocket Competition

---

UNISEC JAPAN

Kyohei Yashima, Takumi Date

# Introduction

---

Japanese university rocket scene

Almost 15 rocket teams join UNISEC JAPAN.

Coop-launching operation holds 4 times in a year.

# Propose of International University Rocket Competition

---

IURC(International University Rocket Competition)

Compare your rockets with another rocketeer all over the world

**Not compare only the altitude but also uniqueness or originality.**

**Because...**

**Each group has completely different conditions**

# Difference situations

---

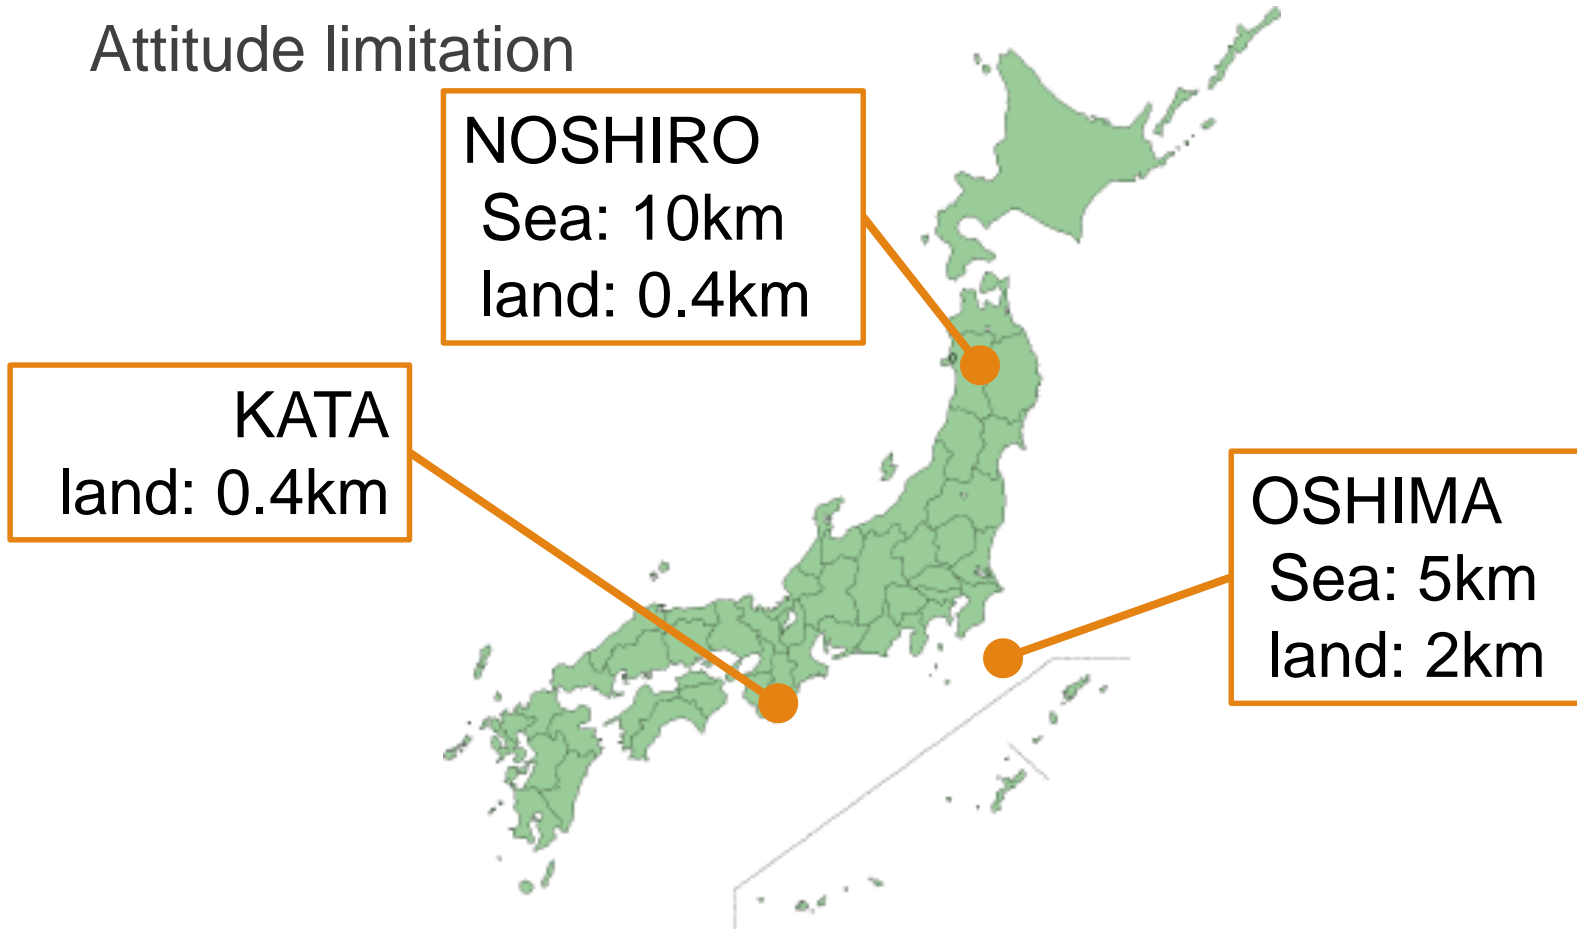

Ex) Only 3 launch point

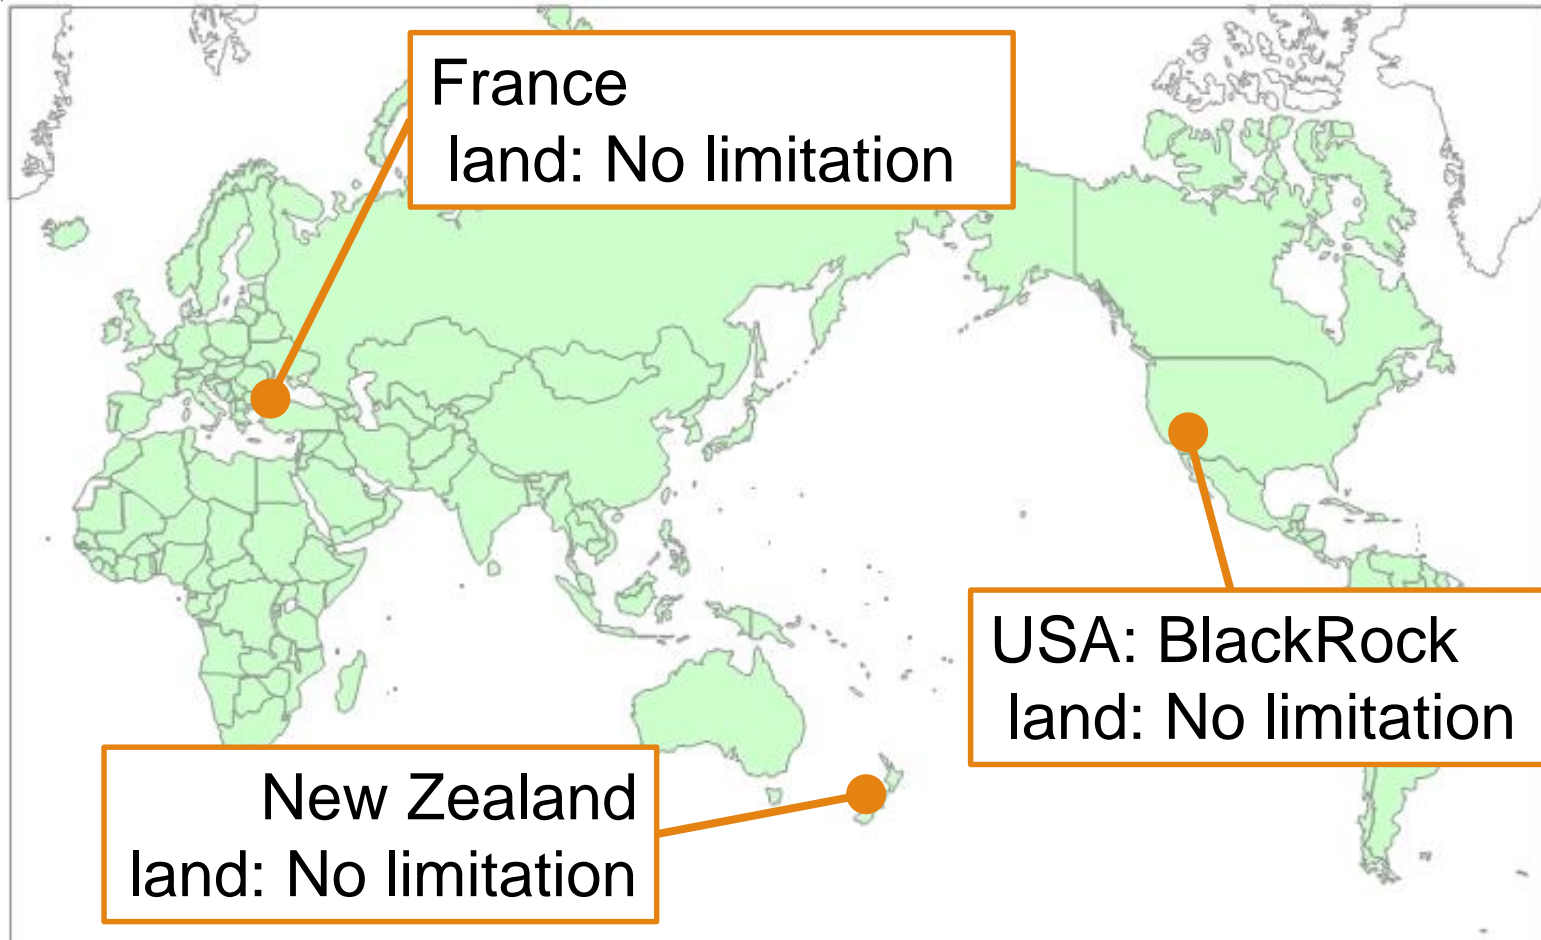

# Difference situations

---

Attitude limitation

# Difference situations

# Evaluation points

---

How to evaluate the rocket project?

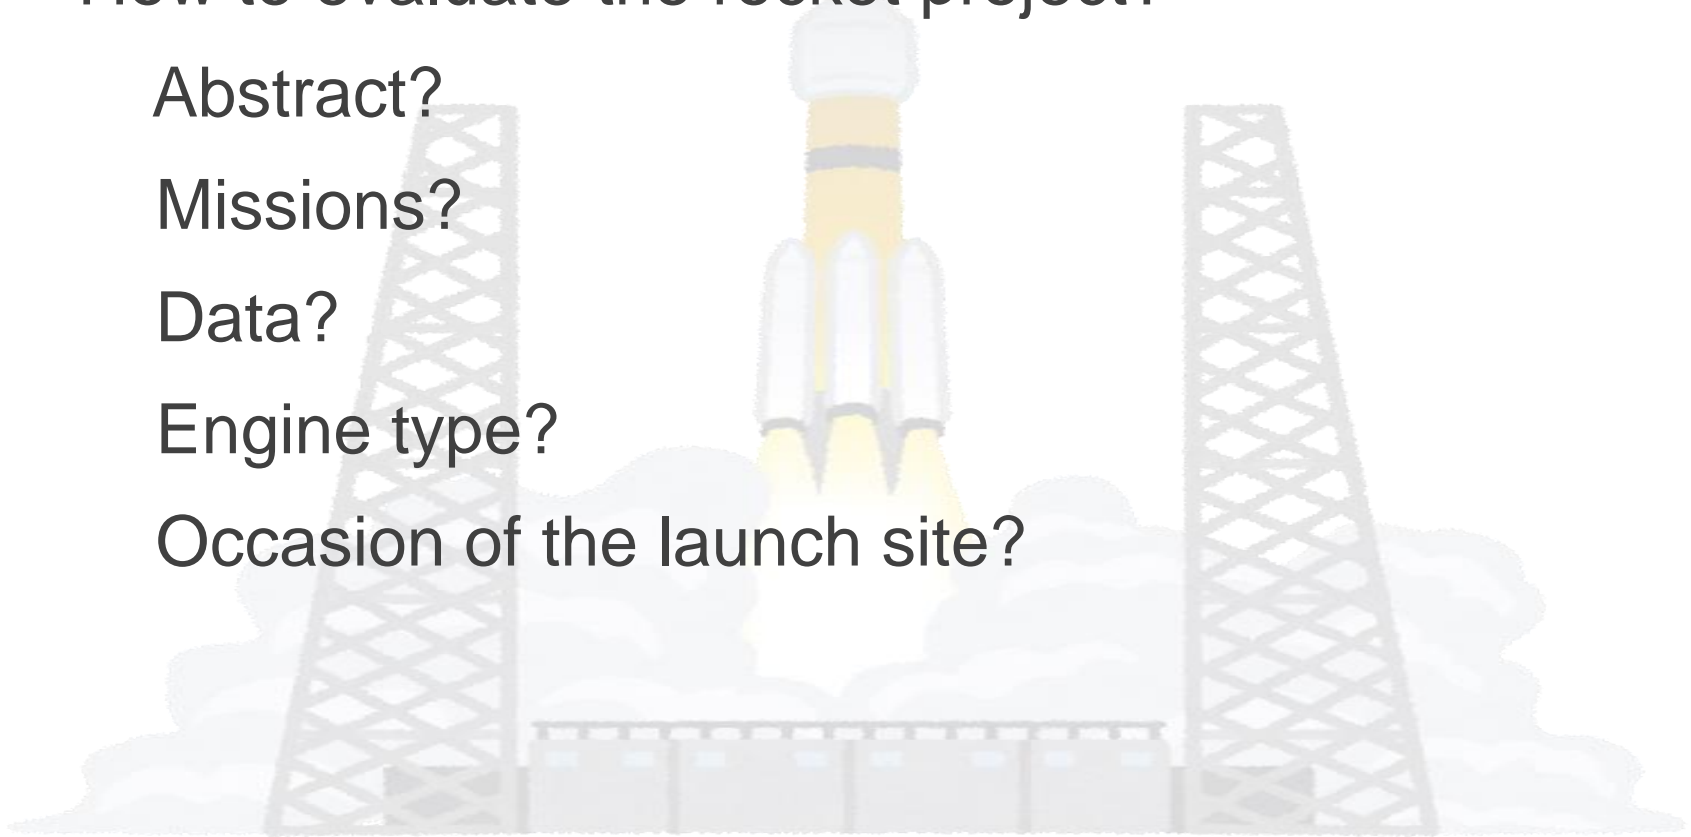

Abstract?

Missions?

Data?

Engine type?

Occasion of the launch site?

# What will we do today?

---

Create  
Draft of the competition guideline
