Reentry System

4th launching is getting close!

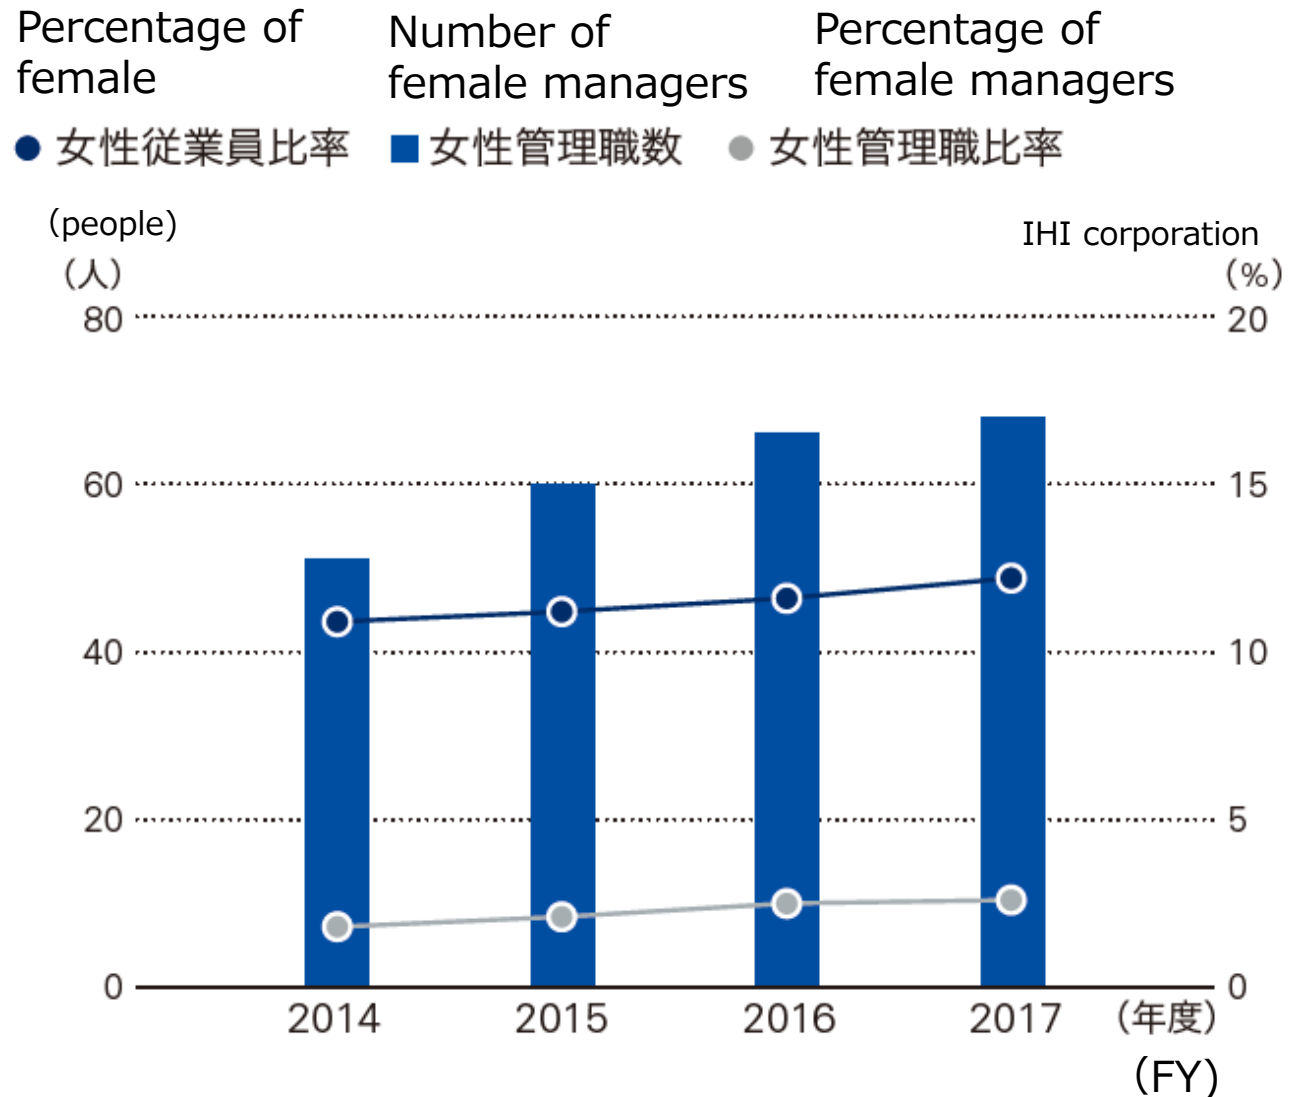

Small Satellite:200kg

Micro-sat: 60kg × 3

Cubesat
3U × 1
2U × 1
1U × 1

1. Equal opportunities for female and male in the industry and the number of female.

Certification
(Encouraging by
the Government)

IHI integrated report 2018

2. Balancing between work and child care

Who will care your children?

Much of the burden tend to go on women.

→ Improve efficiency of our work

- IT、AI
- Flexible time work
- Telework

Through such efforts,
the Space Field will change more creative!

IHI

Realize your dreams
