

Announcement & Acknowledgement in UNISEC-Global Community

July 16, 2022

Welcome! New Members

- UNISEC- Ethiopia
(POC: **Yeshurun Alemayehu Adde**)
 - Addis Ababa University
 - Ethiopian Space Science and Technology Institute
 - Addis Ababa Science and Technology University
- Corporate members
 - AXELSPACE
 - Yokogawa Electric Corporation

Co-innovating tomorrow™

In-person Meeting in Istanbul in October

- **11th Nano-satellite symposium**

- Abstract submission, July 31, 2022

- Notification, 15 August 2022

- Early bird, September 15, 2022

- Full paper submission, October 3rd, 2022

- Presentation October 17, 18, 19(morning)

<https://nanosat11th.itu.edu.tr/index.php>

- **PreMIC8**

- Abstract submission July 25, 2022

- Notification August 31, 2022

- Presentation at workshop (not contest) October 19 (afternoon)

<http://www.spacemic.net/>

- **8th UNISEC-Global Meeting**

- Local Chapter registration for presentation September 5, 2022

- UNIGLO opening October 19

- Local Chapter presentation and breakout session October 20

- Local Chapter Empowerment Workshop October 21

<http://www.unisec-global.org/meeting8.html>

Next Virtual Meeting

- Date: August 20, 2022 10:00 pm - 0:00 am (JST)
- Program:
 - Theme: TBD
 - Confirmed speaker: TBD
- HOST: UNISEC-Philippines

- Virtual UNISEC-Global Meetings take place on the Third Saturday almost every month in 2022.
- Seeking local chapters to host the virtual meeting on **Sep 17, Nov 19, and Dec 17**. Please contact the secretariat.

Future Planning

- Small Satellite Conference, Utah, USA: August 6-11
- 11th CanSat Leader Training Program: August 18-31, 2022
- 73rd IAC: Paris, 18-22 September
- 11th Nano-satellite Symposium, 8th UNISEC-Global Meeting, Pre-workshop for the 8th Mission Idea Contest (PreMIC8) (in person or online, TBC): Oct 17-21, 2022, Turkey (online and in-person)

- ***Please let us know your event information.***

Pre-8th Mission Idea Contest (PreMIC8)

Missions by multiple nano-satellites

- MIC8 will be held in 2023.
- In 2022, we encourage to organize regional competitions.
- Pre-MIC8 workshop will be held in Istanbul (or virtually) in October 2022. Announcement will be made soon.
- The requirement is that the mission is carried out by multiple satellites made of **6U CubeSat or smaller each**.
- The number of satellites can be anything as long as it is bigger than one and the mission has clear benefits of having multiple satellites in orbit at the same time.
- Constellation (with no inter-satellite link) missions and formation missions (with inter-satellite link) are both encouraged.

Launch opportunities (ISS deployment)

- J-CUBE
 - Special (discounted) launch opportunities (1U-3U)
 - Need to collaborate with UNISEC-Japan's university
 - Matching application deadline: October 31, 2022
