

UNISEC Nigeria Regional Report 2023

Essien Ewang, Institute of Space Science and Engineering, Nigeria.

POC, UNISEC-Global, Nigeria

ewang.arcsste@gmail.com

History of Local Chapter Activities

- Established in 2012
- It is composed of nine (9) partner universities/research institutions
- Participated in CLTP1, CLTP2 and CLTP3

Dr. Babatunde Salu
CLTP 1, 2011

Dr. Ogechukwu Nnadih
CLTP 2, 2011

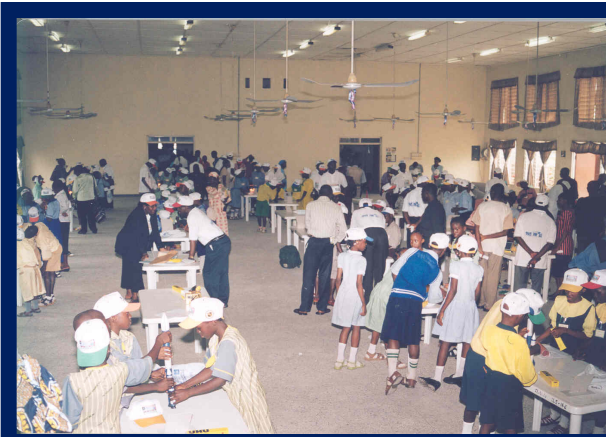

Dr. Taiwo Tejumola
CLTP 3, 2012

CanSat/Water Rocket Leadership Training Program

Obafemi Awolowo University Campus, Nigeria, 2013

Schools' Workshops

Hands-on Activities, 2013

Zonal Workshop

Cover the six (6) geo-political zones

UNISEC-Global Meeting in 2014

A group photo of 2nd UNISEC Meeting, Kyushu Institute of Technology,
Kitakyushu, Japan.

Practical Space Projects

In collaboration with the Centre for Satellite Technology Development, Abuja, 2022

Capacity building in UAV and Tube Sat projects for University Abuja students

UAV prototype

Tube Sat prototype

Tube Sat test on UAV

UNISEC-Global Activities, 2022-23

Number of

- Member Universities: 9
- Students: 28
- Professors : 9

Training Workshops, 2022

- University of Nigeria Nuskka
- University of Uyo, Uyo
- Osun State University, Osun
- Obafemi Awolowo University, Osun
- Fountain University, Oshogbo
- Federal University of Technology, Akure
- Enugu State University of Science and Technology, Enugu.

Conference/Meeting

UNISEC-Nigeria in Collaboration with NISEng, November, 2023

Regional Coordinator in 8th MIC

The 8th
Mission Idea Contest
for Multiple Nano-satellites

Virtual UNISEC-Global Meeting

**36th Virtual UNISEC-Global Meeting**

Tatsuhito Fujita,
JAXA

Deployment Service of CubeSats from ISS

Tetsuhito Fuse,
Kyushu Institute of Technology

Introduction to J-CUBE

"Introduction to J-CUBE"

Mengu Cho,
Kyushu Institute of Technology

Moderator and Opening remark

Host: UNISEC-Japan
Time: 22:00-24:00(JST)
August 19, 2023

Register now!
