Conclusion

for my Opening Remarks

I wish to quote
the last
paragraph of
this *New York
Times*
bestseller
(1998)

DAVID S. LANDES is professor emeritus of history and economics at Harvard University and the author of *Revolution in Time* and *Unbound Prometheus*.

The Wealth and Poverty of Nations: Why Some Are So Rich and Some So Poor

Paperback published on May 17, 1999
by David S. Landes (Author)

/ In this world, **the optimists have it,**
/ not because they are always right,
/ but because they are positive, and that
/ is the way of achievement, correction,
/ improvement, and success.
/ Educated, eyes-open optimism pays;
/ pessimism can only offer the empty
/ consolation of being right.
