8th Mission Idea Contest (MIC8)

Missions by multiple nano-satellites

- We encourage to organize regional/national competitions.
- The requirement is that the mission is carried out by multiple satellites made of **6U CubeSat or smaller each.**
- The number of satellites can be anything as long as it is bigger than one and the mission has clear benefits of having multiple satellites in orbit at the same time.
- Constellation (with no inter-satellite link) missions and formation missions (with inter-satellite link) are both encouraged.
- Deadline of Application Submission is **June 30th, 2023**
Register here: <http://www.spacemic.net/application.html>

Please check the schedule and further information:

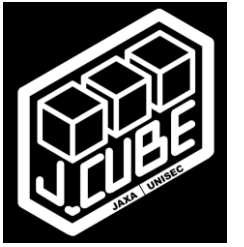

MIC8 website: <http://www.spacemic.net>
